

### **Who can compete in Tennessee History Day?**

The first and second place medalists at each regional contest qualify for the state contest. The third place medalist is the alternate. If a finalist drops out, we will inform the alternate as quickly as possible.

### **What is the registration fee and who has to pay?**

The registration fee is \$20 per student (NOT per entry). If you are a member of a group project, each student pays \$20. Each member of a group project must pay, even if you are not planning on attending the competition. Specific registration directions are located on our website.

### **I have a prior obligation on Saturday, April 10, 2021. Do I have to attend?**

Because the competition is virtual this year, there is no mandatory event to attend. There will be a virtual awards ceremony the day of the contest.

The only mandatory obligation will be submitting your project and completing registration by the registration deadline on **Friday, March 19, 2021 at midnight ET.**

### **When is Tennessee History Day?**

The virtual awards ceremony for Tennessee History Day will be hosted on Saturday, April 10, 2021.

### **Will I be required to participate in an interview for my project?**

No, we are not hosting interviews for student projects for this year's virtual competition.

### **How do I complete registration?**
