

Guidelines for Creating and Submitting an Exhibit

What is a historical exhibit?

A historical exhibit is a visual representation of your:

- historical argument,
- research, and
- interpretation of your topic's significance in history.

As words are limited on an exhibit, use visuals, such as maps, graphs, charts, photographs, etc. Analyze these visuals to make your argument.

The NHD [Contest Rule Book](#) allows you to:

- include a multimedia device in your exhibit,
- create an exhibit other than a tri-fold board that rests on a **tabletop**, and
- include supplemental materials on the tabletop.

**Please be prepared to take photos of your exhibit as you prepare for submission. More details below.

Due upon the registration deadline:

- Final written materials with images of exhibit at the end
